

PERFORMANCE PERFECTED

CT6

REDEFINING EXCELLENCE WITH EVERY DRIVE

The CT6 is the highest form of automotive excellence. The passions of performance, innovation and craftsmanship have been pushed to their furthest. Exhilarating to drive, innovatively engineered and beautifully sculpted, you can confidently enjoy advanced technology with breathtaking design.

The 2025 Cadillac CT6.

Wield power, wisely

The CT6 offers you a choice of three remarkable powerplants. The standard 2.0L Turbo RWD offers an impactful 265 hp. An available 3.6L V6 AWD engine combines 335 hp of performance with cylinder deactivation efficiency, making it powerful and shrewdly efficient. While the available 3.0L V6 Twin Turbo, the first V6 Twin Turbo to incorporate cylinder deactivation technology, delivers 404 hp and 400 lb-ft of torque for instant acceleration and response.

Read the road 1000 times a second

Cadillac’s Magnetic Ride Control automatically adjusts the suspension to road quality and weather conditions. And it reads the road up to 1000 times a second to react accordingly. Your result is a smooth, responsive drive.

Poor weather, superior handling

Available All-Wheel Drive delivers enhanced control when you accelerate and turn, keeping you in command at all times—especially in wet road conditions.

Reframing performance

An innovative vehicle architecture is at the core of agile performance. The CT6 fusion technologies combine high-pressure aluminum and high-strength steel into a lightweight, yet rigid frame, which provides impressive acoustics and a more precise handling experience for you.

Assertive agility and control

An available Active Chassis System monitors each wheel independently, adjusting vertical suspension damping within milliseconds. The system includes active-on-demand All-Wheel Drive, Magnetic Ride Control and Active Rear Steering offering you complete maneuverability and high-speed stability.

TAKING THE NEXT STEP IN TECHNOLOGY

The CT6 offers leading-edge technologies to help you obtain information, master communications and make the most of your own digital devices. Whatever their function, the futuristic vision behind these features all share seamless designs and intuitive interfaces that help keep you, and your world, moving forward.

OFFERED FEATURES: CADILLAC USER EXPERIENCE AND PHONE INTEGRATION • REAR CAMERA MIRROR • WIRELESS CHARGING • REAR SEAT INFOTAINMENT • ONSTAR® 4G LTE WITH BUILT-IN WI-FI® HOTSPOT • TOUCHPAD

Your phone, even smarter

The Cadillac user experience¹ projects Phone Integration with Apple CarPlay™² compatibility and allows you to access your contacts, Apple Music™ and other information from your iPhone® with a touch of the screen, shown below. You can also access Siri,³ so features are easily accessible to you or your front-seat passenger. Phone Integration also offers Android™ Auto² compatibility.

1. Cadillac user experience functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. 2. Vehicle user interfaces are products of Apple and Google and their terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. CarPlay is a trademark of Apple Inc. 3. Late availability. 4. Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T.

More than at your fingertips

The Cadillac user experience¹ puts a suite of information and entertainment offerings at your command, including climate, audio and Collection, to easily browse, select and install apps. With the available Collection, you can download new apps for your CT6 similar to a smartphone app store. Customize your content with music, audiobooks,³ weather apps and more (data plan rates may apply).

Stay connected or entertained

OnStar 4G LTE with available built-in Wi-Fi hotspot⁴ allows you to connect up to seven devices at the same time, up to 50 feet away, so your passengers can check their email or watch their favorite entertainment.

A brilliant look back

In addition to its touchscreen, the Cadillac user experience serves many functions that can be accessed through a laptop-like touchpad, seamlessly integrated into the center console.

Charging convenience

With Wireless Charging³ and phone charging case, you can power up your compatible phone anytime the vehicle is running.

See the unseen

In the unfortunate event that your vehicle is tampered with, the available Surround Vision Recorder technology could help capture the disturbance. The system automatically records from all cameras if a door handle is pulled, or when the alarm is activated.

Entertained, regardless of where you're sitting

The available Rear Seat Infotainment features articulating 10"-diagonal HD screens with Blu-ray™ playback and connectivity for your personal devices including an HDMI and USB ports.¹ Your passengers can enjoy different entertainment while on the road. The screen also tilts for easy viewing and will remember that preferred position. Plus, you can stream² your favorite content to the rear screen directly from your phone, tablet or laptop.

A touch of powerful design

In addition to its touchscreen, the Cadillac user experience serves many functions that can be accessed through a laptop-like touchpad, seamlessly integrated into the center console.

1. Not compatible with all devices. 2. Requires a compatible mobile device, active OnStar service and data plan. 4G LTE service available in select markets. Visit onstar.com for coverage map, details and system limitations. Data plans provided by AT&T. 3. The system wirelessly charges one PMA- or Qi-compatible mobile device. To check for phone or other device compatibility, see my.cadillac.com/learn.

OWN THE ROAD WITH SOPHISTICATED STYLE

From its bold-faced grille to its sleek, integrated rear spoiler, the look is hard to resist. And impossible to mistake. Aluminum, chrome and signature lights; lines, curves and sweeping planes. Every element comes together seamlessly to create an understated, yet riveting exterior.

OFFERED FEATURES: INDIRECT FIRE LED LIGHTS
BODY DESIGN • CONCIERGE LIGHTING

DESIGNED WITH PURPOSE BUILT WITH TASTE

The entire CT6 interior expresses unmatched attention to detail. From its elegant materials and careful assembly to its superior amenities and supreme comforts, the space evokes a new level of craftsmanship. One that combines the expertise of a lost art with the innovation of today.

OFFERED FEATURES: EXQUISITE MATERIALS AND CRAFTSMANSHIP • QUIET INTERIOR ACOUSTICS • BOSE® PANARAY® SOUND SYSTEM • EXTENDED COMFORT SEATS

Select safety features shown.

Safety features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner’s Manual for important feature limitations and information.

SURROUNDED BY SAFETY INNOVATION

FRONT

Experience fewer surprises in the dark

Using thermal technology, available Night Vision shows detected people and large animals ahead.

Help keep an eye on pedestrians

Front Pedestrian Braking, available as part of the Driver Awareness and Convenience Package, uses a camera to scan the road ahead. If a pedestrian is detected, the system alerts the driver and, if necessary, applies the brakes to help avoid or reduce the severity of a collision.

An intelligent wiper

Available Rainsense Wipers automatically engage when rain is detected, adjusting their speed to the rain’s intensity. Whenever wipers are activated, Auto-Dry brakes automatically positions the brake pads closer to the rotors to sweep away moisture and improve performance.

Truly forward thinking

Forward Collision Alert, available as part of the Driver Awareness and Convenience Package, monitors traffic ahead, alerting you if a potential collision is imminent, while Following Distance Indicator shows the following time to the detected vehicle ahead (in seconds) in the Driver Information Center (DIC).

REAR

Be alerted even in reverse

When backing out of a parking space, available Rear Cross Traffic Alert warns of oncoming traffic to either side of your vehicle.

See what lies behind you

Rear Vision Camera automatically displays a live image of the area behind you on the Cadillac user experience screen. Guiding lines on the image plot out your intended trajectory, helping you to see objects that might be in your path.

SIDE

Travel the straight and smart

Using monitors to sense lane boundaries, available Lane Keep Assist gently turns the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the available Safety Alert Seat, Lane Departure Warning sends a visual alert in the cluster and a warning pulse through the seat cushion.

All clear

Lane Change Alert, available as part of the Driver Awareness and Convenience Package, surveys the area well beyond the side blind zone, and illuminates the side mirror warning icon to alert you of a rapidly approaching vehicle. Side Blind Zone Alert, also part of the available Driver Awareness and Convenience Package, monitors your blind spots, so if a vehicle is in the adjacent lane it also illuminates the side mirror icon. In both features, if you’ve activated your turn signal, the icon on the side mirror will flash to alert you.

INSIDE

Gain precious time

Up to certain speeds, available Forward and Reverse Automatic Braking can sense imminent forward and reverse collisions and automatically engage the brakes, if you have not already done so, helping to reduce the severity of the collision. The system may even help avoid a collision at very low speeds.

Maintain an intelligent space

Available Adaptive Cruise Control employs front-radar technology to maintain a selected distance between you and the detected vehicle ahead.

Grabs your attention. Subtly.

Cadillac’s patented available Safety Alert Seat sends a discreet pulse to the left, right or both sides of the driver’s seat, indicating the direction of the threat—left, right, front or rear.

A higher look at what surrounds

Available Surround Vision provides a bird’s-eye view of the area immediately surrounding the vehicle when in low-speed Drive or Reverse. This view, projected on the Cadillac user experience screen, helps increase your awareness when parking or in Reverse.

TAKE THE WHEEL OF TRUE PRESTIGE

It is called Platinum. And it lives up to the name. From the distinguished front grille to the sleek and long exterior lines, no detail has been overlooked. Inside, curated aesthetics, modern comforts and savvy controls result in an entirely new experience. Everything has been leading up to this.

OFFERED FEATURES EXCLUSIVELY PLATINUM:
20" PLATINUM WHEELS • ARTICULATING SEATS WITH
MASSAGE • EXTENDED COMFORT FRONT BUCKET SEATS WITH
20-WAY ADJUSTMENTS

OWNER BENEFITS

Our owners deserve it all. That’s why 2025 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit: [cadillac.com/CT6ownerbenefits](https://www.cadillac.com/CT6ownerbenefits)

ABOUT THIS BROCHURE

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

Engines

Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

Tire Sealant and Compressor Kit

If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a ¼-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than ¼-inch or a tire that has unseated from the wheel. The sealant can only be used on one tire, one time before its expiration date.

Assembly

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ONSTAR

With available OnStar,¹ you can get immediate help, outsmart and avoid vehicle theft, reach destinations, stay connected, even manage your vehicle’s health.

Updated Service Information

Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling **1-800-782-4356** or by visiting www.helminc.com.

New Vehicle Limited Warranty

World-class coverage comes standard on every 2025 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

Covered For 6 Years/70,000 Miles (Whichever Comes First)

Powertrain limited warranty with no deductible, Roadside Assistance Program² and Courtesy Transportation Program.²

Covered For 4 Years/50,000 Miles (Whichever Comes First)

Bumper-to-bumper coverage. Tires—defects in material and workmanship; repairs made to correct any vehicle defect; corrosion on body sheet metal panels.

Rust - Through Coverage

Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years and unlimited mileage. Cosmetic or surface corrosion—resulting from stone chips or scratches in the paint, for example—is not included in the rust-through coverage. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

Fleet Orders

Some standard content may be deleted with fleet orders. See dealer for details.
